STRUCTURAL ENGINEER CONTINUING EDUCATION CARRYOVER FORM

SUPPORTING DOCUMENT

SE – CO

Illinois law requires that each Structural Engineer licensed in the State of Illinois must satisfy the continuing education requirements as a condition for license renewal. Pursuant to 68 IAC Section 1480.185 (a) of the Rules for the administration of the Illinois Structural Engineering Practice Act of 1989, licensees are eligible to carryover a maximum of 15 qualifying CE hours from the current renewal cycle to the subsequent renewal cycle.

Licensees wishing to utilize this provision must document the CE's to be used in this manner on this form and be retained as part of your records in the event you are audited or need to restore your license. If audited or restoring your license, you must include this form and copies of all documentation/proof for listed activities on this form.
