

### **Applicants Participating in the Qualifying Applicant Lottery**

Public Act 102-98 amended the Cannabis Regulation and Tax Act (“Act”) to establish a *Qualifying Applicant Lottery* to award up to 55 Conditional Adult Use Dispensing Organization Licenses (“Conditional Licenses”) to Qualifying Applicants. A Qualifying Applicant is an applicant that submitted an application pursuant to Section 15-30 of the Act that received a final score of at least 85% of 250 application points available and received points for meeting the definition of "Social Equity Applicant" as set forth in the Act. The Department sent final scores to all applicants via email on July 28, 2021 and below are the lists, by BLS Region, of applicants participating in the Qualifying Applicant Lottery.

The Qualifying Applicant Lottery is scheduled to occur on July 29, 2021. The results will be posted on the Department’s website by the end of the day on July 29, 2021.

Below is the list of all applicants eligible for the Qualifying Applicant Lottery. The Qualifying Applicant Lottery consists of 17 drawings; one for each BLS Region. No applicant may be awarded more than 2 Conditional Licenses through the Qualifying Applicant Lottery.

Each Qualifying Applicant in each BLS Region is identified below by the Proposed Dispensing Organization Name and the Unique Application Number assigned to each application - the Unique Application Number can be located on any documents provided during the Supplemental Notice Process and on the final score sheet emailed to the applicant on July 28, 2021. Each Unique Application Number has been assigned a Unique Lottery Number that represents one lottery entry for that BLS Region. If a Qualifying Applicant used the same application for more than 1 application fee in any single BLS Region, the Unique Application Number will be assigned a Unique Lottery Number for each application fee and will appear on multiple rows on the list. The Illinois Lottery will use a computer-based process to randomly draw the Unique Lottery Numbers, which will determine the order by which applicants have the opportunity to receive the licenses in that BLS region.

<b>Term</b>	<b>Meaning</b>
Unique Lottery Number	The Unique Lottery Number is randomly assigned to a Unique Applicant Number. The Unique Lottery Number will be used to identify the results of the lottery drawing.
Unique Application Number	A Unique Application Number was assigned to all applications.
Applicant Name	The Applicant Name reflects the entity’s name as submitted on the original application.
